The American Express Publishing Corporation sent me a promise today for Travel & Leisure & also told me that I may already won \$100,000.00. My personal entry number is E2840440. What a curious coincidence - the first 4 numbers in the number are my phone number here - 2840 and American Express has no way of knowing that I live here and use Rebecca's phone number. Doubtless I shall win the \$100,000.00. Wouldn't that be grand indeed.

“There is no way to take the danger out of human relationships.”

Barbara Grizzuti Harrison

“Secrets Women Tell Each Other,”
McCall's, August, 1975

True. Human beings are truly a tricky / dangerous species. As Betty Davis says in one of her films: "Human beings deserve something much better than each other."

Very productive day - - a great deal of "conclusive evidence." From 11AM to 2PM I was at my desk - - I went through my entire "CHS&M - current" folder and dispatched with a large quantity of the contents - mostly into files.
